**INSTRUCTOR: WILLIAM LYNK,CRL**

William is a certified ALOA A.C.E. instructor. He will be teaching with hands on Best, Schlage, Yale, Russwin and can answer any questions on any interchangeable locks you have.

William is the author of 3 books published on the topic of interchangeable cores. He is a member of ALOA, ASIS, ILA, LSA and is a ClearStar Sponsor. He has been a locksmith since 1975.

This class will begin helping those with little or no knowledge or skills working with large or small format interchangeable cores. No previous knowledge is required regarding pin stack calculations, pin increment systems, control pin formulae, IC decoding, master keying techniques-applications. Topics include: construction, operation, housings ID, brands, identification, keyways, key control issues, key origination methods and key error corrections for the IC, including the control key. It will be 2 students per kit for hands on.

Make checks Payable to NLA & send to : Elmer Howard, 3101 So. 121 St., Omaha, NE 68144 or call 402-676-8973 and inform me how many are coming.
